

Workforce Development Trusted AI for Frontline Workers

[View GSA eLibrary](#)

Capability Statement

Founded in 2018, iZen ai, Inc. develops AI-powered learning and operational guidance solutions that prepare workers for specific roles and support them on the job. Our mission is to make learning accessible to everyone and provide guidance when and where it is needed.

Core Competencies

- **ZenLight®**: AI-powered learning companion for adaptive, interactive learning
- **OpsZen™**: AI-powered operational guidance that prepares workers and guides maintenance and inspection tasks
- **iZen-LEAP**: Platform for seamless delivery of learning with or without the Internet
- **iZen-Academy**: Skill-development programs in AI-ML and Cybersecurity. Complete list: <https://izen.ai/products/academy/#courses>
- Custom development of accessible and interactive eLearning content

Experience & Recognition

- **DOE SBIR**: Completed Phases I, II, and IIB, developing an inclusive workforce learning platform and ZenLight® AI companion
- **U.S. Navy BAA**: Developed cybersecurity workforce training under Navy/ONR award
- **DoW Authorized SkillBridge Provider**: Delivers AI and cybersecurity training for transitioning service members and veterans through Boots2Bytes®
- **Boots2Bytes®** Recognized for Excellence at the 2025 Defense Innovation Challenge
- **ZenLight®** Recognized with Innovation Award at TechConnect 2025
